

Timberline® UHDZ™

Ultra High Definition® Shingles

Millions of families have found shelter under a beautiful, durable, Timberline® roof. Now, Timberline® UHDZ™ shingles offer a combination of beauty and benefits that goes beyond any Timberline® shingles available before.

Your roof is a promise, an investment, and beyond

Choosing a roof for your home means making a promise of shelter. An investment in security. And setting high expectations for beauty and durability.

Once you've set your expectations, choosing a Timberline® UHDZ™ roof is a great way to go beyond.

It's our only shingle to offer the Dual Shadow Line for sunset shadows all day long. And it comes with a 30-year StainGuard Plus PRO™ limited warranty against blue-green algae discoloration.

And that's just the beginning.

¹ 30-year StainGuard Plus PRO™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus PRO™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

It's a shingle that helps your roofer do their best work

LayerLock® Technology strengthens the bond between layers of your Timberline® UHDZ™ Shingles. To help your roofer give you the best possible installation. And to help you rest easy when the wind is howling outside.

Here's how it works:

The strength added by LayerLock® Technology allowed GAF to create the StrikeZone® nailing area — the industry's widest nail zone — which offered 99.9% nailing accuracy in our test.¹

LayerLock® Technology also powers the industry's first wind warranty with no maximum wind speed limitation. Timberline® UHDZ™ Shingles are eligible for the WindProven™ limited wind warranty when installed with the required combination of four qualifying GAF Accessories.²

¹ Results based on study conducted by Home Innovation Research Labs, an independent research lab, comparing installation of Timberline HD® Shingles to Timberline® HDZ™ Shingles on a 16-square roof deck using standard 4-nail nailing pattern under controlled laboratory conditions. Actual results may vary.

² 15-year WindProven™ limited wind warranty on Timberline® UHDZ™ Shingles requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products. For installations not eligible for the WindProven™ limited wind warranty, see *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions.

It's sunset shadows all day long

The angle of a sunset creates a unique touch of shadow that adds definition and depth to everything it touches. Including your shingles. In fact, it can take your beautiful home and make it breathtaking.

Imagine that moment lasting all day. That's what we've done with our exclusive Dual Shadow Line, only available on Timberline® UHDZ™ Shingles.

Dual Shadow Line adds depth so exceptional, it takes your home's curb appeal to even greater heights. The impact is unmistakable.

It's strong protection against algae stains

GAF Time-Release Algae-Fighting Technology delivers algae-fighting power in a whole new way. Specially engineered capsules are infused with thousands of copper microsites, which release copper steadily over time, for long-lasting algae-fighting power.

Timberline® UHDZ™ Shingles feature 10% more GAF Time-Release Algae-Fighting Technology than even our best-selling Timberline® HDZ™ shingles, for protection so strong it allows GAF to offer a 30-year StainGuard Plus PRO™ Algae Protection Limited Warranty against blue-green algae discoloration.¹

More Time-Release Algae-Fighting power. More protection for the beauty of those Dual Shadow Lines.

¹ 30-year StainGuard Plus PRO™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus PRO™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

Pewter Gray

Pewter Gray can add dramatic counterpoint to contemporary exterior color palettes, as well as to stucco or brick facades.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Charcoal

Charcoal is the most neutral of shades, and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Slate

A cool gray with a beautiful green undertone, Slate coordinates well with both grays and greens, as well as with white, cream, and ivory exteriors.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Barkwood

The neutral brown Barkwood emulates wood and coordinates well with warm colors like beige, taupe, cream, gold, and yellow.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Shakewood

An appealing blend of browns, tans, and gold, warm radiant Shakewood pairs equally well with neutral beige and clay tones, as well as deeper jewel tones.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Weathered Wood

The perfect neutral color, Weathered Wood complements a broad range of hues and works well with sage, cream, ivory, and beige.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

It's a system, built to protect

A Timberline® UHDZ™ roof is so much more than shingles. It's layers of protection, working together to help keep your home safe from rain, snow, sun, and wind.

In fact, installing 4 qualifying GAF Accessories — GAF starter strips, roof deck protection, ridge cap shingles, and either leak barrier or attic ventilation — in one roof system makes Timberline® UHDZ™ Shingles eligible for the WindProven™ limited wind warranty.¹
